For Reference

1

It may not be the first time you are annoyed by the traditional slide door. And the situation may be as listed below.

Always need to
reserve a gap for the
door to avoid blocking
outside

Always forget if door
was locked whenever
out of home

2

Why not choose a smart slid door lock to have premium service the door should bring you.

No need to reserve gap for entry and bother people inside.

Track record periodically for security.

Temporary unlock even you are not at home.

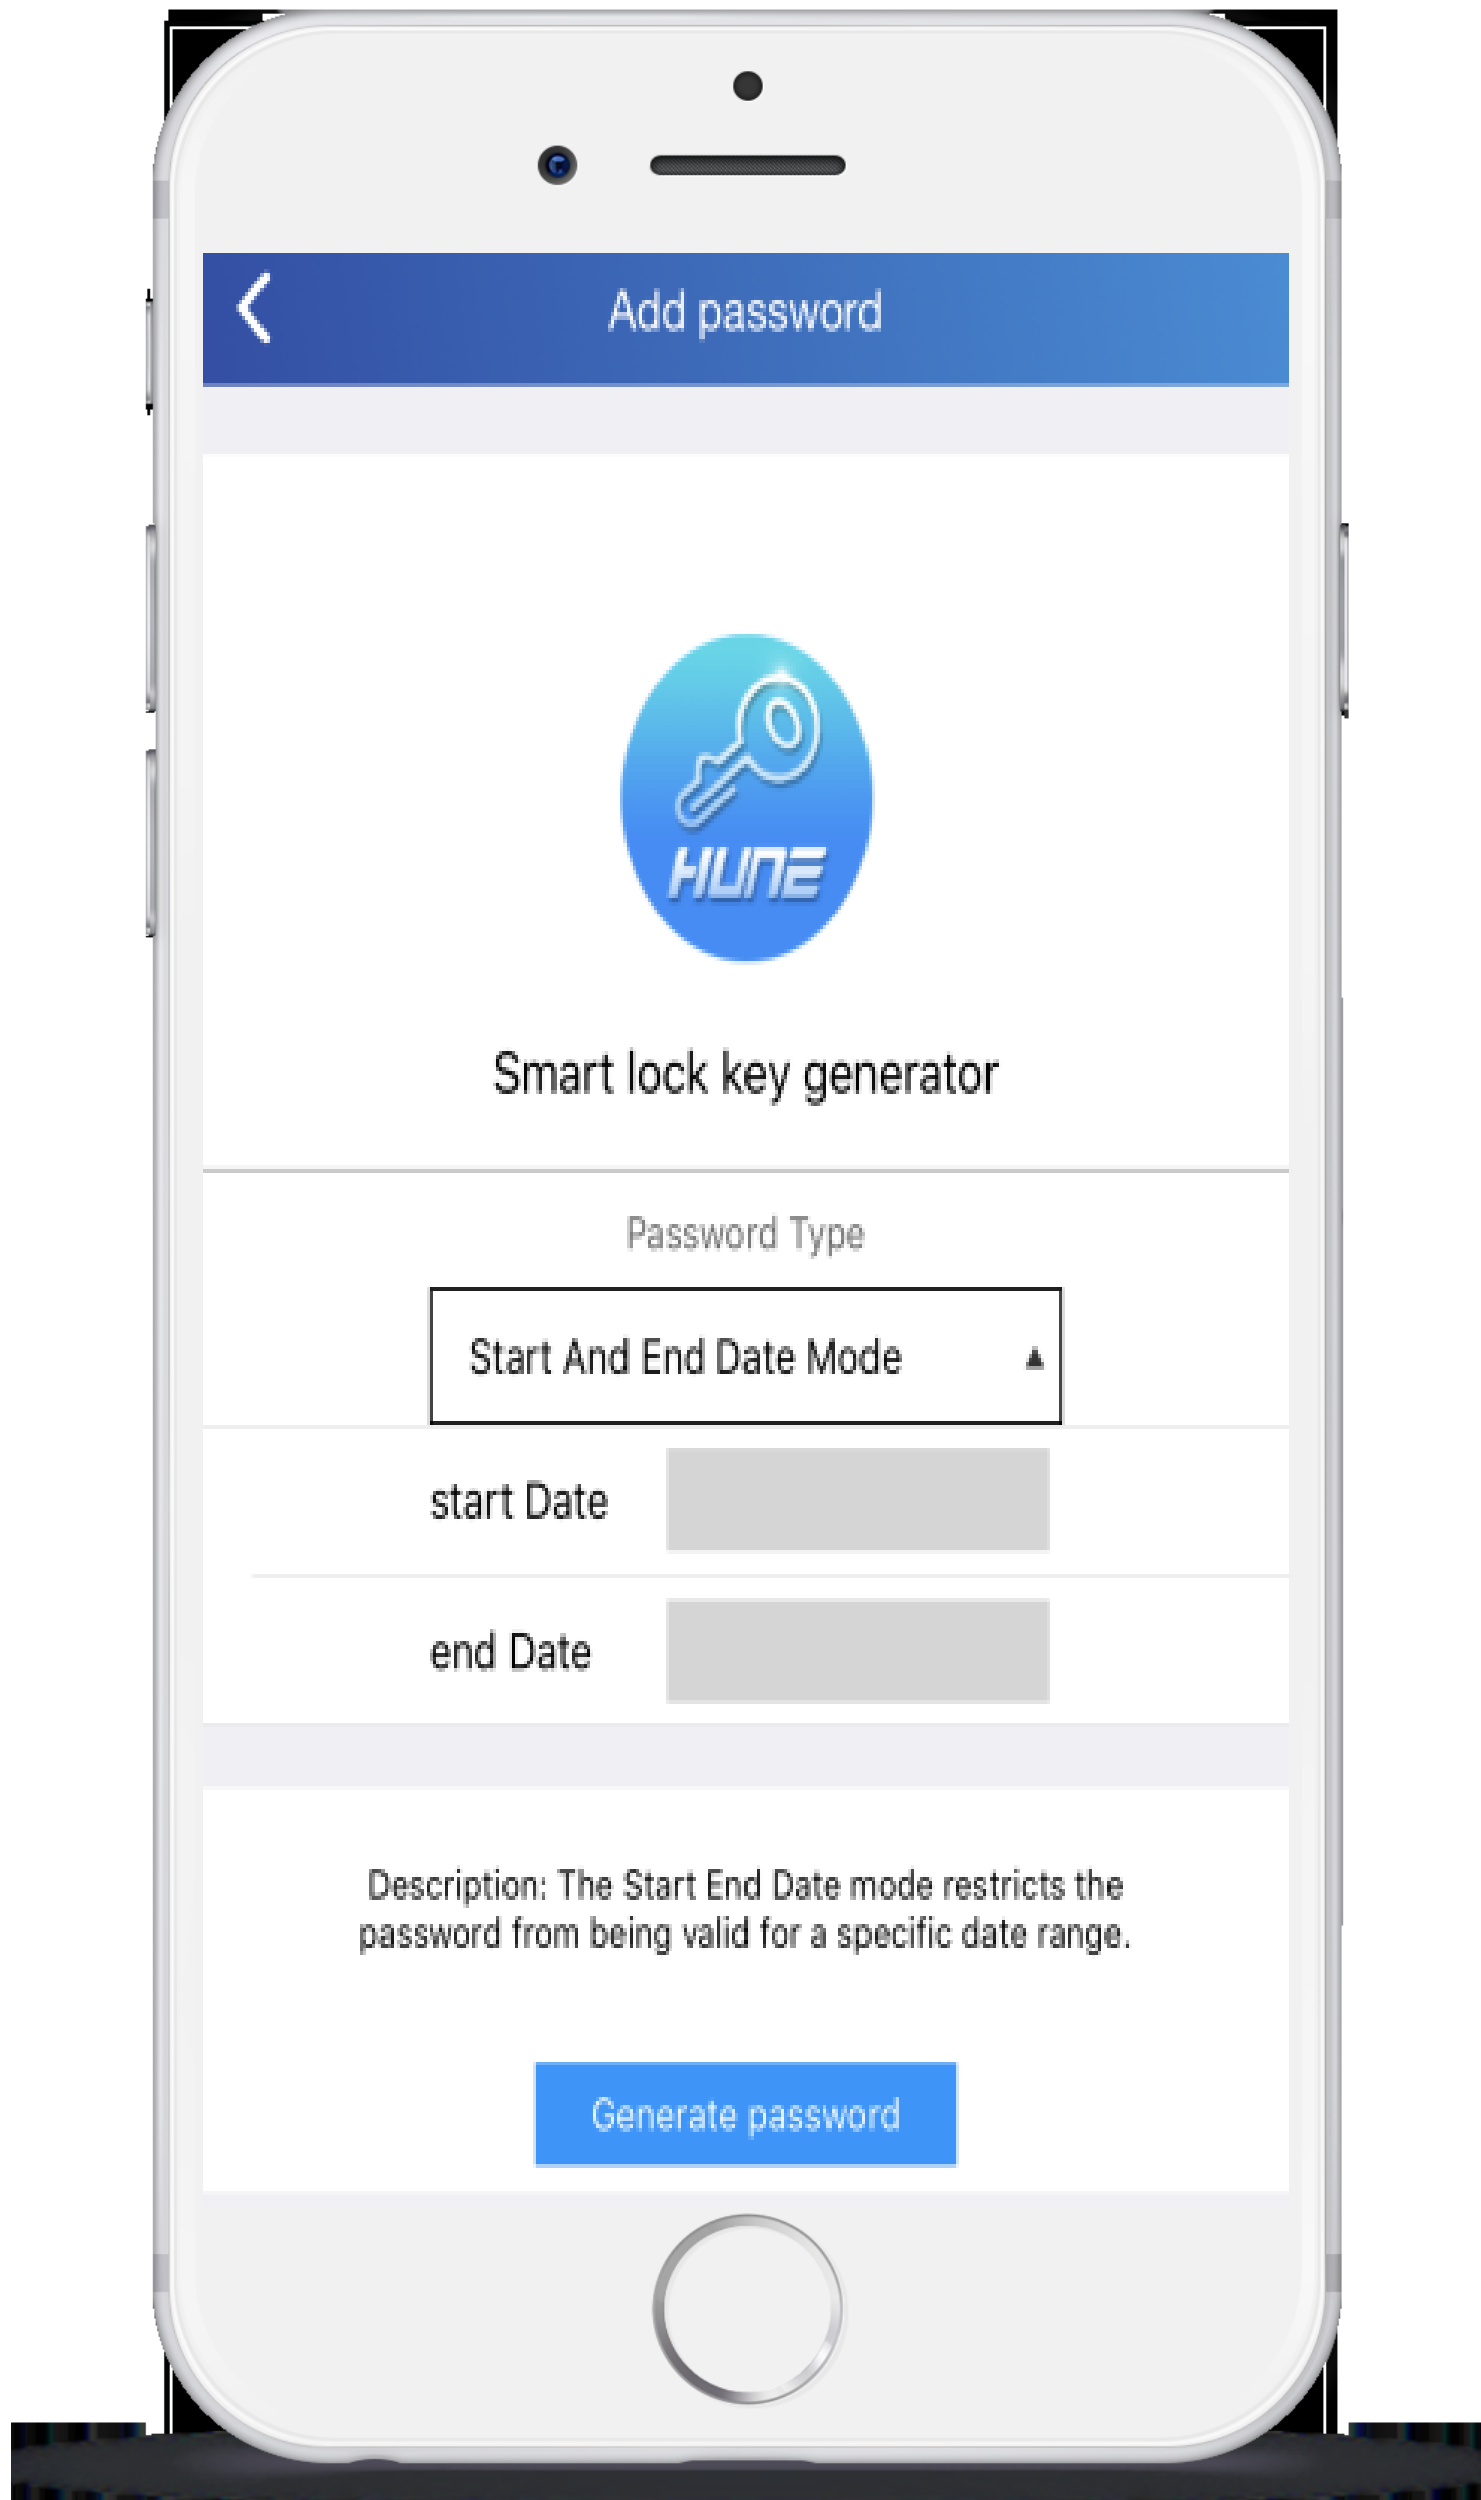

Europe standard stainless mortise for more security.
